Be

the instrument

the message

the change

the vision

the future

Welcome!

At NYU Steinhardt, we believe that the successful professional—in applied psychology, art, communication, education, health, and music—understands that education can be an instrument for positive change in our world and the means through which the quality of life for all people can be enhanced. We strive for preeminence in advancing knowledge, creativity, and innovation at the crossroads of human learning, culture, development, and well-being. Through rigorous research and education, both within and across disciplines, the School's faculty members and students evaluate and redefine processes, practices, and policies in their respective fields and form a global as well as community perspective, to lead in an ever-changing world.

Classrooms, libraries, computer facilities, and residence halls are located around New York University's Washington Square campus in historic Greenwich Village. With tree-lined streets and 19th-century town houses, the Village offers a quiet contrast to the bustle of New York City. For our students, its art galleries, theatres, and jazz clubs add another dimension to living and learning at NYU.

Planning for Your Studies

There is much to choose from at NYU Steinhardt. Faculty and administrative advisers will help you tailor a program to match your academic and professional goals. In many of our programs, you can study full or part time, in the daytime or evening. Some programs use summer as a regular semester and offer a full complement of courses. Intensive study options, as well as our unique graduate study abroad programs, are also available.

Don't let finances stand in your way. New York University makes graduate study possible by providing a financial aid package and helping you to identify other sources of funding. Scholarships (full time and part time), fellowships, assistantships, work-study, student loans, and scholarships for students from underrepresented groups are available through the Steinhardt School.

Art and Art Professions

M.A., M.F.A., Ph.D.

STUDIO ART

M.F.A.: Provides a richly diverse course of study that bridges media to educate artists as broadly as possible and beyond the boundaries of a specific medium. Students learn to navigate the juncture of practice, history, and theory. Studio areas include photography and new media; painting; drawing; print; sculpture; and craft media.

M.A.: Summer Program: Provides unique opportunities for professional artists and educators to expand their creative potential and refine their skills in an intensive course of study. During three intensive summer sessions (in New York or Venice), students immerse themselves in developing their work.

ART EDUCATION

M.A.: Combines art education with a strong studio and art history component. The M.A. program offers teacher certification for all grades.

VISUAL CULTURE

M.A.: Costume Studies: Developed as the first curriculum of its kind in the United States, this program offers an interdisciplinary curriculum on the history of costume and textiles in its broadest aesthetic and cultural context.

M.A.: Theory: An interdisciplinary curriculum that explores modern and contemporary art practice in the context of social and cultural history.

VISUAL CULTURE AND EDUCATION

Ph.D. only: Provides advanced research opportunities in the vital new area of visual culture.

Concentrations: Visual Culture-Theory: A criticism- and theory-based approach to the field; Art Education: Designed for those students looking to use the visual culture approach in art education.

ART THERAPY

M.A.: Combines the visual arts with psychotherapy and is approved by the American Art Therapy Association. Graduates meet the academic requirements for New York State licensure as a creative arts therapist.

Arts Administration

M.A.: Performing Arts Administration

Prepares leaders in performing arts institutions who serve in general management, marketing, development, programming, long-range planning, board and volunteer development, and organizational goal formation.

M.A.: Visual Arts Administration

Offers both nonprofit and for-profit management training for galleries, auction houses, independent consultants, museums, and cultural institutions.

Bilingual Education

M.A., Advanced Certificate, Ph.D.

The M.A. and advanced certificate programs offer current teachers who already have certification a bilingual extension.

Business Education

M.A., Advanced Certificate

Unique program committed to the study of effective adult educational support strategies for a city and national level workforce. Focuses on the global issues of workplace education by creating a dialogue between the educational and the business communities.

Childhood and Early Childhood Education

M.A.

The childhood program offers teacher certification for grades 1 through 6 with an optional extension for grades 7 through 9; the early childhood program offers teacher certification for birth through grade 2.

Counseling and Guidance

M.A.

Trains guidance counselors in grades K through 12. Graduates are eligible to take the national examinations to become a national certified counselor.

Concentrations: School Counseling, K through 12; Bilingual School Counseling, K through 12

Counseling for Mental Health and Wellness

M.A.

Prepares graduates to enter the field of mental health counseling and work in a broad spectrum of settings, including community agencies, university counseling programs, mental health centers, hospitals, HIV and AIDS outreach programs, and substance abuse treatment centers. Graduates meet the academic requirements for New York State licensure as a mental health counselor and are eligible to take the national examination to qualify as a national certified counselor.

Counseling Psychology

Ph.D. only

Scientist-practitioner model for preparing professional psychologists. Underlying principles include a focus on a developmental understanding of clients; a commitment to a health and wellness model of intervention; and an appreciation of the gendered, cultural, class, and institutional context of people's lives as these affect both clients and counselors.

ART AND ART PROFESSIONS

MEDIA AND COMMUNICATION

MUSIC

Dance Education

M.A., Ed.D., Ph.D.

Provides professional development in the theory and practice of dance education for teachers, administrators, performing artists, and research scholars in the fields of dance and education. Facilitates the development of creative and critical thinking abilities and emphasizes the integration of the mind and body in the context of cultural practices. M.A. offers teacher certification for all grades or an optional concentration in ballet pedagogy with the American Ballet Theatre.

Drama Therapy

M.A.

One of only a few programs in the country that combine course work in educational theatre, educational and clinical psychology, counseling, and related arts therapies. Graduates meet the academic requirements for New York State licensure as a creative arts therapist.

Education and Jewish Studies

Ph.D.

Prepares researchers and practitioners for leadership positions in a wide range of Jewish educational settings, such as schools, informal education programs, community organizations, curriculum agencies, foundations, and universities.

Educational Communication and Technology

M.A., Advanced Certificate, Ed.D., Ph.D.

Prepares professionals for leadership roles in the design and production, evaluation, and use of educational materials and environments for various technologies and is concerned with this work as it applies to many content areas, types of learners, and settings in which media and technology are used for educational purposes.

Educational Leadership

M.A., Advanced Certificate, Ed.D., Ph.D.

Prepares students for leadership positions in education at the school, district, state, and national levels and for positions in continuing education in business and industry.

Concentrations: School Building Leader (M.A.); School District Leader (Adv. Crt.)

Educational Psychology

M.A.

Offers an interdisciplinary approach to education and applied psychology. Incorporates human development, research, and practical exposure to psychology.

Concentrations: General Educational Psychology; Psychological Measurement and Evaluation

Educational Theatre

M.A., Ed.D., Ph.D.

The only academic program in the United States leading from bachelor's to doctoral degree. Emphasizes the applications of theatre in a range of community and educational settings, with concentrated study in drama education, applied theatre, and play production for artists and educators. M.A. also offers a unique dual certification program with social studies education.*

Elementary Education

Ph.D.

Individualized, flexible doctoral program that may focus on curriculum development, teacher education, multicultural education, early childhood education, innovations in schooling, and specific content area foci such as literacy and numeracy education.

English Education

M.A., Ph.D.

The M.A. program offers teacher certification for grades 7 through 12 with optional extension for grades 5 through 6; the Ph.D. program prepares advanced researchers in the field.

Environmental Conservation Education

M.A.

Explores the relationship between our ecosystem and public policy, communications, the arts, and science.

Foreign Language Education

M.A.

Offers teacher certification in Chinese, French, German, Hebrew, Italian, Japanese, Latin, Russian, or Spanish for grades 7 through 12 with optional extension for grades 5 through 6. Also offers dual certification in foreign language and TESOL as well as a noncertification program.

Higher and Postsecondary Education

M.A., Ph.D.

M.A.: Encompasses broad themes in the history and development of higher education both in the United States and abroad, and includes the study of colleges as institutions; student learning and development; the profession of student affairs; research and assessment methods; access to higher education and diversity; and the theory and practice of leadership.

Ph.D.: Prepares professionals for research, university teaching, policy leadership, and college administration. Embraces issues of access and equity; state and federal policy; student development; workplace learning; and institutional development and assessment.

History of Education

M.A., Ph.D.

Prepares students for careers in teaching and administration at both the high school and postsecondary levels, in policy analysis, or in the management of nonprofit organizations, especially philanthropic foundations.

*Pending approval by New York State Department of Education.

NUTRITION AND FOOD STUDIES

OCCUPATIONAL THERAPY

SOCIAL STUDIES EDUCATION

International Education

M.A., Advanced Certificate, Ph.D.

Prepares teachers, administrators, and educators to work effectively in multicultural and international settings.

Literacy

M.A.

Offers certification programs in literacy at two levels: birth through grade 6 and grades 5 through 12. For those who already hold a base certificate.

Mathematics Education

M.A., Ph.D.

The M.A. program offers teacher certification for grades 7 through 12 with optional extension for grades 5 through 6; the Ph.D. program prepares advanced researchers in the field.

Media, Culture, and Communication

M.A.

Prepares students to understand and analyze culture and communication environments and to become acquainted with key debates and scholarship in communications, media studies, and related fields.

Ph.D.: Media Ecology/Culture and Communication:

Prepares scholars who are interested in investigating complex media environments.

Music and Music Professions

M.A., M.M., Ed.D., Ph.D.

MUSIC BUSINESS

M.A.: Offers professional preparation in music marketing, artist management, and concert promotion.

MUSIC EDUCATION

M.A., Advanced Certificate, Ed.D., Ph.D.:

Offers three options that prepare music educators for positions in schools or colleges and universities.

MUSIC TECHNOLOGY

M.M., Ph.D.*: Prepares professionals for positions in music production, recording, mastering, and editing, as well as the allied music industries, including film scoring, software development, game audio, and sound design.

MUSIC THERAPY

M.A.: Provides a unique combination of advanced clinical training in counseling with topics in music therapy and in music theory and methods. Graduates meet the academic requirements for New York State licensure as a creative arts therapist.

MUSIC PERFORMANCE, MUSIC THEORY, AND COMPOSITION

M.M., Ph.D.: Provides professional performance and composition training with related academic study in a spirit of openness and innovation that encourages the pursuit of high artistic goals enriched by interdisciplinary ideas.

Instrumental Performance: (brass, woodwinds, strings, percussion) all styles including jazz.

Piano Performance: Classical and jazz with option for classical pianists to specialize in collaborative piano performance.

Vocal Performance: specializations in classical voice or music theatre.

Music Theory and Composition: all styles from traditional to electronic with optional specialization in scoring for film and multimedia.

Doctoral Study in Performance and Composition: opportunities for advanced study and research across numerous areas including theory, instrumental performance, vocal performance, composition, and jazz.

Nutrition and Food Studies

M.A., M.P.H., M.S., Ph.D.

NUTRITION AND DIETETICS

M.S., Ph.D.: Trains professionals for careers as dietetic practitioners or administrators in health care, community, and private practice settings; as food industry specialists in public relations, media, or product development; and as nutrition educators in schools, colleges, health care, community, or corporate wellness programs.

Concentrations: Clinical Nutrition or Foods and Nutrition

FOOD STUDIES

M.A., Ph.D.: Focuses on professional activities related to food, food preparation, and food behavior such as developing, preparing, marketing, and evaluating food, food products, and meals; researching and writing about foods, food products, meals, and diets; and examining the social, economic, cultural, and behavioral factors that have influenced food consumption practices and patterns in the past and present.

Concentrations: Food Culture or Food Systems

PUBLIC HEALTH NUTRITION

M.P.H.: Prepares health professionals for careers in domestic or international public health nutrition.

Occupational Therapy

M.S., M.A., D.P.S., Ph.D.

Offers entry-level training as well as postprofessional training in advanced occupational therapy.

Philosophy of Education

M.A., Ph.D.

Explores the critical understanding of broad conceptual and normative issues in education and the human service professions.

Physical Therapy

M.A., D.P.T., Ph.D.

Offers an entry-level Doctor of Physical Therapy (D.P.T.) for nonphysical therapists, as well as advanced M.A., D.P.T., and Ph.D. degrees for current practitioners.

Psychological Development

Ph.D. only

Provides a strong foundation in developmental theories and research from a life-span perspective. Examines individual and environmental influences at multiple, nested levels on the development of infants, preschoolers, children, adolescents, and adults, especially in urban environments.

Psychology and Social Intervention

Ph.D. only

Prepares action scientists for diverse roles in academia and social research who can understand, transform, and improve the contexts and systems in which humans develop across the life span. Has a strong emphasis on analysis and prevention of psychological, social, educational, and health problems, as well as on the promotion of well-being in these domains from a systems perspective, including organizational, community, and policy levels.

Public Health

M.P.H., Ph.D.

For students who seek graduate training in planning and evaluating programs designed to promote health and prevent disease in diverse population groups.

Concentrations: Community Public Health; International Community Health; Public Health Nutrition

School Psychology

Ph.D., Advanced Certificate

Prepares professors and researchers for academic settings and certified school psychologists to work in public or private schools or in community mental health and hospital settings.

Science Education

M.A.

Offers teacher certification in biology, chemistry, or physics for grades 7 through 12.

Social Studies Education

M.A.

Offers teacher certification for grades 7 through 12 with optional extension for grades 5 through 6. A unique dual certification in educational theatre is also available.*

Sociology of Education

M.A., Ph.D.

Students learn to apply sociological analysis to education-based issues for careers in a variety of education and policy settings including youth and community service organizations; research, evaluation, and policy organizations; and government agencies.

Concentrations: Educational Policy; Social and Cultural Studies of Education

Special Education

M.A.

Prepares teachers for positions working with students with and without disabilities. Dual certification programs allow students to obtain certification in childhood or early childhood education as well as special education.

Speech-Language Pathology and Audiology

M.A., Ph.D.

The M.A. program leads to New York State licensure and/or the Certificate of Clinical Competence from the American Speech-Language-Hearing Association (ASHA). It also leads to New York State certification in teaching students with speech and language disabilities. The Ph.D. program is available to practicing professionals seeking advanced course work and research.

Teaching English to Speakers of Other Languages (TESOL)

M.A., Advanced Certificate, Ph.D.

For those seeking to teach English to speakers of other languages. Includes both teacher certification and noncertification tracks. Also offered with a dual certification option with foreign languages. Includes both 15-credit postbachelor's and 30-credit post-master's advanced certificate.

Teaching and Learning

Ed.D., Ph.D.

Prepares scholars and practitioners in such areas as teaching and teacher education; curriculum design and evaluation; educational reform; and public policy as it affects teaching and learning.

Workplace Learning

Advanced Certificate

A unique postbaccalaureate program for experienced practitioners, educators, and consultants in corporate settings who seek an integrated curriculum in workplace learning.

A glimpse into what's new

CAMPUS SECURITY REPORT

New York University's annual Campus Security Report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by NYU, and on public property within or immediately adjacent to the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, drugs, and alcohol. You can obtain a copy of the current report by contacting the Office of the Vice President for Student Affairs, Kimmel Center, 60 Washington Square South, Suite 601, New York, NY 10012-0103, 212-998-4403; the NYU Department of Public Safety, 7 Washington Place, New York, NY 10003-6614, 212-998-1451; or by visiting the following Web site: www.nyu.edu/public.safety/policies.

New York University—

one of the nation's preeminent urban research universities—draws scholars from around the world and offers you access to the finest facilities and the best minds. The student body of our school—motivated men and women from diverse academic, professional, and cultural backgrounds—reflects our location in a vibrant, cosmopolitan city. A world center for business, arts, and media, New York City is also home to the nation's most culturally diverse public school system, leading hospitals and health care facilities, and international service organizations. Opportunities for internships, fieldwork, and professional networking are unmatched.

Our school's involvement with this great city further enriches your studies. In our search to find solutions to society's most pressing problems and to improve the quality of life in our nation's inner cities, we meet challenges head-on. Students are invited to join faculty members in field-based research and collaborative projects with our city's public schools, community groups, and health care facilities. We invite you to explore the wide range of possibilities for graduate study available to you at NYU Steinhardt and to choose your path for making a difference in our world.
