- Liberal arts electives can be used for both your primary and non-primary major at the discretion of the non-primary major department or the liberal arts electives may be allocated to Unrestricted Electives. - If you are pursuing a non-primary major you may need to earn units in excess of your degree requirements.
- Please note that adding a non-primary major does **not** mean that you will receive two degrees. You will receive only one diploma printed with the school name and the academic department name of the primary major, not the name of the major itself.
- Primary or non-primary majors in Steinhardt or the College of Arts and Science will only appear on the diploma if the student receives departmental honors in that major.
- Both primary majors, non-primary majors and minors appear on the transcript.
- By signing this form you and your advisors agree to make changes to your degree requirements by adding a non-primary major. You must complete the courses in the non-primary major based on the requirements effective during the term in which you declared the non-primary major and subject to the rules and regulations in the bulletin of the College of Arts and Science in effect at the time of this declaration.
