CONGRATULATIONS TO ALL OUR SENIORS

We had quite a year this year!
As we wrap up we thought to share a few words about this year’s SENIORS and our celebration of their achievements and college acceptances!!

Let’s start off by saying that it certainly isn't easy for high school students to wake up early on a Saturday, but these seniors did it.
They worked tremendously hard this year to keep their grades up, to attend the program and to make this program what it is meant to be, a resource and safe haven from the daily challenges of high school.

It certainly wasn't easy, but with their dedication, determination and enthusiasm, are what made our time together so enjoyable, rewarding and educational and YES it was even fun at times!!

We spent the summer and fall getting applications ready for college and the spring term, getting ready to go to college.

Seniors you were Terrific, persistent and above all hard working and goal oriented.

Congrats on the hard work evident in that no one walked away empty handed at our celebration as each of you earned an award or a prize.

Although we will part our ways REMEMBER…we are here for you and you will HEAR from us through our Follow up emails, TIPS for Success notes, surveys and Facebook….LETS STAY CONNECTED!

Thank you to all the Attendance Award Winners! Your dedication to the program is truly what makes it meaningful for everyone. Your hard work and persistence showed your ability to make a difference for yourself and others.
Congratulation to the Survival Kit Winners! Thank you for your dedication and commitment which are truly the building blocks to your success. Enjoy your Kit! Best wishes and Enjoy the goodies!
