For over 65 years, New York University’s Department of Occupational Therapy has continued to be preeminent in the extent of its contribution to occupational therapy education, as well as the number and quality of its outstanding graduates. The goal of occupational therapy is to help individuals achieve independence, meaning, and satisfaction in all aspects of their lives. Occupational therapists develop, improve, sustain, or restore independence to any person who has an injury, illness, disability, or psychological dysfunction. The occupational therapist consults with the individual and family or caregivers and, through evaluation and treatment, promotes the client’s capacity to participate in satisfying daily activities. Intervention may address the person’s capacity to perform, the activity being performed, or the environment in which it is performed. The occupational therapist’s goal is to provide the client with skills for the job of living—those necessary to function in the community or in the client’s chosen environment.

The Department of Occupational Therapy is a leading academic center committed to the development of ethical therapists and scholars who are prepared to respond to the challenges of society’s ever-changing needs. The department offers professional-level graduate education for entry into occupational therapy practice and post-professional master’s and doctoral degrees for graduates of approved occupational therapy programs.

The professional education of occupational therapists involves the study of the biological and social sciences that are fundamental to practice and the role of activities and human occupation in improving, restoring, and sustaining function. Post-professional education emphasizes scientific inquiry and advanced clinical skills to prepare master clinicians, administrators, educators, scientists, and professional leaders. The Department of Occupational Therapy’s educational efforts are enhanced by its location among top health and educational facilities in the country. The program also has a highly qualified faculty. The relationships between community and program help provide unparalleled learning experiences for students and virtually matchless source of diverse practicum sites.

**DEGREE PROGRAM**

**M.A.**

**FACULTY**

Aqua, Bear-Lehman, Buckley, Goverover, Hinojosa, Howe, Koenig, Perr, Poole, Voelbel

**MASTER OF SCIENCE**

The Master of Science Program in Occupational Therapy provides the professional education necessary for initial certification as an occupational therapist. Affiliated with 450 sites, the program provides student intervention experiences in challenging settings, which are integrated into the curriculum through connection with courses or as full-time fieldwork.

**CAREER OPPORTUNITIES**

Occupational therapy is a fast-growing profession, and graduates are sought by employers nationwide.

**DEGREE REQUIREMENTS**

Academic Prerequisites: Undergraduate coursework in abnormal psychology; developmental psychology; behavioral sciences; one additional course in either psychology, anthropology, or sociology; human anatomy and physiology I and II; and basic statistics.

The program’s full-time course of study is 27 months. Students are required to participate in two full-time, three-month fieldwork experiences, which usually take place during the summer and fall. The program requires successful completion of 69 units in anatomy; kinesiology; human growth and development; activity group process; psychiatric, medical, surgical, orthopedic, and neuromuscular conditions; theoretical foundations of occupational therapy; and research, analysis, and synthesis of activities as they relate to human occupation through emphasizing evaluation and intervention in the occupational therapy process.

**Fall, First Year** (15 units): New Student Seminar OT-GE.2000 (0 units), Human Anatomy (Lecture) OT-GE.2002 (3 units), Foundations of Occupational Therapy OT-GE.2701 (3 units), Activity Process Group OT-GE.2707 (3 units), Performance and Development Across the Lifespan OT-GE.2709 (3 units), Neuroscience OT-GE.2010 (3 units).

**Spring, First Year** (13.5 units): Human Anatomy (Lab) OT-GE.2003 (1 unit), Kinesiology OT-GE.2710 (2 units), Research Methods for Occupational Therapy OT-GE.2025 (2 units), Medical and Psychiatric Conditions OT-GE.2039 (3 units), Theoretical Bases for the Scope of Practice OT-GE.2030 (3 units), Analysis of Human Activity and Occupational Performance I OT-GE.2035 (2 units), Professional Issues I 0.5 OT-GE.2040 (0.5 unit).

**Summer, First Year** (5 units): Research Design in Occupational Therapy OT-GE.2724 (2 units), Analysis of Human Activity and Occupational Performance II OT-GE.2736 (2 units), Fieldwork I OT-GE.2720 (1 unit).

**Fall, Second Year** (13 units): Fieldwork I OT-GE.2721 (1 unit), Research Interpretation of Occupational Therapy OT-GE.2725 (3 units), Orthopedic Evaluation and Intervention OT-GE.2741 (3 units), Neurological Evaluation and Intervention OT-GE.2743 (3 units), Mental Health Evaluation and Intervention OT-GE.2745 (3 units).

**Spring, Second Year** (16.5 units): Fieldwork I OT-GE.2722 (1 unit), Rehabilitation Evaluation and Intervention OT-GE.2742 (3 units), Cognitive Evaluation and Intervention OT-GE.2744 (3 units), Geriatric Evaluation and Intervention OT-GE.2749 (3 units), Pediatric Evaluation and Intervention OT-GE.2748 (3 units), Health Advocacy and Administration OT-GE.2750 (3 units), Professional Issues II 0.5 OT-GE.2041 (0.5 unit).
Summer, Second Year (3 units): Fieldwork II in Occupational Therapy OT-GE.2703 (12 weeks).

Fall, Third Year (3 units): Fieldwork II in Occupational Therapy OT-GE.2703 (12 weeks).

Spring, Third Year, Elective (2–3 units): Fieldwork II in Occupational Therapy (Specialty) OT-GE.2704 (10–12 weeks).

**TIME LIMIT**
Students must complete 6 units of required fieldwork (OT-GE.2703) within a 20-month period following the completion of academic coursework.

**CERTIFICATION/LICENSES**
The Program in Occupational Therapy is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE)® of the American Occupational Therapy Association (AOTA), 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220; telephone: 301-652-AOTA. For ACOTE, the telephone number is 301-652-2682, ext. 2914. Graduates of the program will be able to sit for the national certification examination for occupational therapists administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the graduate will be a certified occupational therapist. Most states require licensure in order to practice; however, state licensure is usually based on the results of the NBCOT Certification Examination.

**ADMISSION REQUIREMENTS**
Applicants must submit two letters of recommendation and a statement of purpose/personal statement addressing how work, volunteer, and/or life experiences have led to the choice of occupational therapy. In addition, a personal interview and writing sample may be requested.

See general admission section, page 167.

**FINANCIAL AID OPPORTUNITIES**
Students may apply for tuition assistance from local, state, and federal government agencies. Sometimes clinical facilities offer financial assistance in exchange for a work commitment after graduation.

See general financial aid section, page 178.

**Post-professional Programs**

**DEGREES**
M.A., D.P.S., Ph.D.

**FACULTY**
Aqua, Bear-Lehman, Goverover, Hinojosa, Howe, Koenig, Perr, Poole, Voelbel

**The Department of Occupational Therapy** offers three post-professional programs in occupational therapy leading to the M.A., D.P.S., or Ph.D. degree for occupational therapists. These programs integrate the theoretical foundation of occupational therapy and the knowledge, skills, and attitudes necessary for engaging in scholarly activity. Students develop the analytical skills necessary for assuming leadership roles while cultivating a network of professional contacts through their studies, clinical experiences, and collaborative research. One of the most outstanding features is the strong peer support network provided by an active cadre of post-professional students.

**Master of Arts: Post-professional Advanced Occupational Therapy (OTTH)**

**INDIVIDUALLY DESIGNED SEQUENCE OF COURSES**
The post-professional master’s degree program is designed for occupational therapists who want master’s-level study regarding current theories, research, frames of reference, and issues related to practice. Each student takes a core of graduate-level courses in occupational therapy theory, research, and professional skills. Domestic students may begin their studies in the fall, spring, or summer term. International students may begin their studies in the fall. This 30-unit program may be completed as full-time or part-time study.

Students select an area of specialization such as pediatrics, mental health, assistive technology, physical disabilities, upper quadrant, or school-based practice. Selection of courses is made by advisement. Electives may be taken in other New York University schools, divisions, and programs, including psychology, education, special education, ergonomics and biomechanics, public administration, and others.

**Department Core Courses** (12 units):

**Department Research Project** (6 units):
Directed Project Design in Occupational Therapy OT-GE.2805, Directed Project in Occupational Therapy OT-GE.2806.

**Elective/Specialization** (12 units): by advisement.

**ADMISSION REQUIREMENTS**
In addition to the admission criteria of the school, the following specific requirements apply: (1) certification as an occupational therapist or eligibility for certification; (2) baccalaureate degree in occupational therapy; (3) a strong grade-point average; (4) a personal statement; and (5) interview(s) as requested by the department.

Doctor of Professional Studies (OTHS)—We are no longer admitting students to this program
Through the Doctor of Professional Studies (D.P.S.) Program, students have the opportunity to advance their knowledge and critical thinking via coursework that builds a foundation of critical analysis, evidence-based practice, ethics, and theory. The D.P.S. prepares advanced, skilled occupational therapists to deliver, present, and collaborate with interdisciplinary professionals to provide high-quality care. Full-time or part-time study is available. Students are offered two areas of advanced clinical specialization: pediatrics and upper quadrant.

**DEGREE REQUIREMENTS**
Occupational therapists who hold a master’s degree complete (1) 36 units of approved coursework with a minimum cumulative grade unit average of 3.0, (2) presentation and successful defense of
evidence-based professional portfolio, and (3) completion of all requirements for the D.P.S. within seven years. Full-time or part-time study is available.

**Department Core Courses** (6 units): Theoretical Foundations for Intervention OT-GE.2762, Ethics and Analytical Reasoning OT-GE.2764.

**Program Requirements** (6 units): Evidence-Based Practice OT-GE.3301, Advanced Assessments for the Practicing Therapist OT-GE.3306.

**Clinical Specialization** (12 units).

**Electives** (9 units): Students are required to complete 9 units of electives from University-wide offerings.

**Terminal Project** (3 units): Professional Portfolio: Advanced Practice OT-GE.3310.

**ADMISSION REQUIREMENTS**

In addition to the admission criteria of the school, the following specific requirements apply: (1) GRE score; (2) graduation from an approved professional occupational therapy program; (3) master’s degree or equivalent*; (4) a personal statement; (5) three letters of recommendation; and (6) interviews as requested by the department. The application deadlines are November 15 and March 15 for the D.P.S.

*There is a special single decision option that allows occupational therapists with a bachelor’s degree in occupational therapy to apply directly to the clinical doctoral degree program and to earn a master’s degree during the educational process. Applicants for the single-option select the M.A. degree, program code OTTH, and document a desire to progress to the D.P.S. program in the personal statement. The application deadline is February 1 for the single-option M.A./D.P.S.

**Doctor of Philosophy (OTHX)**

The Ph.D. program Research in Occupational Therapy was established in 1973 and was the first such doctoral program in the world. The program provides students with the knowledge and skills to work in the profession as researchers, scholars, and educators. Doctoral students take post-professional coursework in occupational therapy and courses in other disciplines both in the school and throughout the University.

All full-time Ph.D. students receive a multi-year fellowship, which provides full tuition and an annual stipend.

**DEGREE REQUIREMENTS**

Occupational therapists who hold a master’s degree (1) complete a total of 52 units, including coursework with a strong grade unit average, and (2) complete a dissertation. Students who hold a master’s degree in post-professional occupational therapy from NYU enter with advanced standing and must take a minimum of 42 units and complete a dissertation. Full-time or part-time study is available.

**Cognate Courses** (6 units)

**Occupational Therapy** (3 units): Departmental Seminar: OT-GE.3406.

**Dissertation-Related Courses** (15 units): Occupational Therapy Doctoral Colloquium (1 unit): OT-GE.3408.

**ADMISSION REQUIREMENTS**

In addition to the admission criteria of the school, the following specific requirements apply: (1) GRE score; (2) graduation from an approved professional occupational therapy program; (3) a strong grade unit average; (4) master’s degree or equivalent; (5) a personal statement; (6) three letters of recommendation; and (7) interviews as requested by the department.
Courses

The courses listed herein are to be offered in 2013–2015.

NOTES TO COURSES
*Registration closed to special students.
