4/18 **Globalization**
4/25 **Promoting Democracy**  

5/2 **American Democracy: A Model for the World?**  

5/9 **Discussion of Grant Proposals**

**Final Examination** - There will be a take-home final examination. It will be distributed on May 9, and due no later than 5:00 p.m. on May 13. The final examination must be hand delivered at the office, and should be deposited in the mail box of your recitation instructor.

**Proposal Project** - You will have to prepare a major portion of a grant proposal designed to promote democratization. Most proposals consist of three components: a narrative that provides a conceptual framework and vision for the project; a detailed set of program activities describing the implementation of the project; and a line-item budget. You may work on a proposal by yourself, or with others. If you decide to work on a proposal by yourself, you will have to prepare and submit the conceptual framework and vision for the project, usually a 20 page narrative. Should you decide to work with one other person, you and the other person will have to prepare the detailed set of program activities, along with the conceptual framework – you should divide your responsibilities so that one person is primarily responsible for the conceptual framework, and the other for the detailed set of program activities. Should you decide to work in a group of three, then you will have to prepare the line-item budget along with the other two parts of the proposal. Again, each part should be the primary responsibility of one person.

For the most part, the grants on which you will work will be U.S. State Department grants. As we would like you to work on a current grant, the assignments will be made around the first week of February. Examples of successful grant proposals will be posted on blackboard. The grant proposal will be due April 18.
