Reimbursement Grant Application

2015-2016

Application is open for the entirety
of the Academic Year and
closes on Friday, April 1st, 2016

Required Presentation of Professional Development Activities on
Monday, April 4th, 2016
Program Overview

A portion of the Undergraduate Student Government’s budget is set aside every academic year to support NYU Steinhardt students in their professional development. Reimbursements are offered on a competitive basis to undergraduate students in good academic standing to help offset the cost of various professional activities related to their studies (i.e. attending professional conferences, research projects, art exhibits, musical performances, speaking engagements, etc.). Expenses for class related activities, certifications, and exams will not be reimbursed.

- Reimbursements are awarded on a competitive basis. Funds can be used toward conference fees, travel and accommodation expenses, and presentation supplies that have already been purchased. No personal expenses, food, or beverages will be covered.

- The reimbursements are competitive. Completing the application process does not guarantee that funds will be awarded. No reimbursement will exceed $1,500 per student, per academic year. In some cases, partial reimbursements will be awarded. Incomplete reimbursement applications will not be considered.

- The Professional Development Reimbursement selection committee consists of all Executive Board members. They will review each application and determine reimbursement allocations.

- It is the responsibility of the student to hand in proof of payment with application, including original receipts. Grants cannot and will not be awarded without receipts. Receipts must be dated no earlier than May 2015.

- Grant recipients will be invited to and recognized at the Steinhardt Undergraduate Awards Gala on Thursday, May 5th, 2016
- All applications will be reviewed after April 4th and recipients will be notified the week of April 11th, 2016. All decisions are final and can not be appealed.

**Eligibility Requirements**

- Applicants must be matriculated undergraduate students in the Steinhardt School of Culture, Education, and Human Development.

- Reimbursements will be awarded only for professional work or activities in connection with the student’s program of study or professional development. Reimbursements will not be awarded for such things as tuition, loans, student fees, organization dues, books, coursework activities, or coursework supplies.

- Applications may be submitted once for each event or activity. Applications should not be submitted for activities that are being paid for or reimbursed by other funding sources.

- The reimbursement application must be completed in full and submitted by the stated deadline. **Late, incomplete, or illegible applications will not be considered.**

- All original receipts must be attached and legible for the application to be considered.

- All applicants must present on their professional development activities on Monday, April 4th, 2016 as part of the application.

- All recipients of the Annual Professional Development Grant will be asked to create a one-page written profile regarding their experiences and professional development activities.
