~A NOTE TO THE STEINHARDT COMMUNITY~

The GSO Executive Board would like you to know that you are all in our thoughts as we recover from the effects of Hurricane Sandy. We would also like to extend a huge thank you to all NYU personnel that worked tirelessly to make sure that our students and faculty could bounce back as quickly and painlessly as possible. As we begin to put Sandy behind us, please know that the GSO is here to support you. Please do not hesitate to turn to any of us on the GSO Executive Board if there is anything you need. For regular updates on storm relief efforts at NYU, including ways you can help and resources available to all students, visit the NYU Information Alert Page. We are confident in the resilience of this city and our community, and we wish you all the best.

E-BOARD SPOTLIGHT
Stephanie Dabbagh
Vice President

Hi Steinhardt! My name is Stephanie and I am a 2nd year student in the Teaching and Learning Master’s Program. I am currently working on dual certification in Childhood and Special Education. I am very passionate about teaching children and in 10 years I want them telling everyone about me - the teacher that taught them something special. I believe that more than having patience, teachers need to love what they do. I chose NYU and Steinhardt to continue my education because I believe in the great opportunities they can provide me. As the vice president, I am committed to serving my Steinhardt colleagues. Please free to contact me if you have any questions. Have a great year!
WILL RESEARCH FOR GRANT

Finding funding for your research can be overwhelming and tedious. You have to make sure your research fits current interests, is applicable to the needs of the future, and is something that can be an agent of change in the world. Luckily the Steinhardt GSO has done some digging for you!

The Competitive Professional Development Reimbursement Fund is a way for Steinhardt graduate students to expound their minds, education, professional development, and research. The Reimbursement Fund can be used to cover conference/workshop fees, professional development programs, travel and accommodation expenses, and presentation supplies. The fund requires an application as well as a photo or short descriptive narrative about the event, and how you plan to use the knowledge in your career. Students can apply for the fund once per semester and selected students can be reimbursed up to $250. For more information on application guidelines and an example of a fund recipient, click here.

The Online Education Database has housed a list of grants, and the companies or organizations that grant them, for over 4 years now. The list may bring you to a "page not found," but try using the simple www.companyhere.com before tossing it aside. With that said, happy grant hunting!
