

Curriculum Vitae
Perry N. Halkitis, Ph.D.

Current Position & Address

Director of Research, Steinhardt School
Professor of Applied Psychology
Director, Center for Health, Identity, Behavior, & Prevention Studies
New York University
82 Washington Square East, Suite 553
New York, NY 10003
(212) 998-5373; (212) 995-4358 (fax); pnh1@nyu.edu (e-mail)

Educational History:

- 1995 Ph.D., Educational Psychology: Quantitative Methods in Educational and Psychological Research
The Graduate Center of The City University of New York
- 1993 M.Phil., Educational Psychology
The Graduate Center of The City University of New York
- 1988 M.S., Education; Specialization in Human Development and Learning
Hunter College of The City University of New York
- 1984 B.A., Biology & Psychology/Pre-Medical
Columbia University, New York, NY

Professional Positions:

- New York University, Steinhardt School, New York, NY
- 2006- Associate Dean for Research & Doctoral Studies
- 2006- Professor of Applied Psychology
- 1998- Director, Center for Health, Identity, Behavior & Prevention Studies (CHIBPS)
- 2005-2006 Director of Research
- 2004-2005 Associate Professor of Applied Psychology
- 2003-2005 Chair of Applied Psychology
- 1998-2004 Assistant Professor of Applied Psychology
- 2001- New York University Medical School, New York, NY
Research Affiliate/Member Center for AIDS Research
- 1995-1998 Gay Men's Health Crisis, New York, NY
Director of Evaluation & Research
- 1993-1995 Professional Examination Service, New York, NY
Director of Statistics & Computer Services
- 1992-1993 National League for Nursing, New York, NY
Chief Psychometrician

Related Professional Experience:

- 1992-1998 Adjunct Associate Professor
New York University, New York, NY
- 1992-1994 Adjunct Lecturer
Hunter College of the City University of New York, Department of Educational Foundations
- 1991 Research Assistant, RFCUNY Grant, "The Validity of Selection Tests"
Graduate Center of The City University of New York, NY
- 1990 Statistical Programmer
New York City Board of Education, Department of Research, Evaluation and Assessment, New York, NY.
- 1984-1992 Teacher (Science K-6 & Grade 6 all subjects)
Hunter College Campus Schools, New York, NY
The Calhoun School, New York, NY

University Courses Taught:

- Graduate: Research Methods, Applied Statistics, Evaluation Research, Test & Scale Development, Dissertation Seminar, Advanced Quantitative Methods, Educational Psychology, Psychological and Education Measurement, Health & Human Development, HIV Prevention & Counseling
- Undergraduate: Research Methods, Applied Statistics, Measurement & Evaluation

Research Support (Ongoing):

(Halkitis) Dates of Project: 1/01/2005-12/31/2006
 United Way/NYS AIDS Institute Evaluation of Women's Case Management Services
 The goal of this evaluation research project is to document and assess the effectiveness of case management services delivered by AIDS service organizations to women living with HIV/AIDS.
 Total Budget: \$168,975

1 R21NS048594-01 (Cancro) Dates of Project: 8/01/2004-7/31/2007
 NIMH/NIH Development of a Mind-Body Center at NYU Medical School
 The goal of this project is to develop a center at New York University that considers the interaction of the mind and body, and to foster an academic environment to conduct further research in this arena. As part of the center, Dr. Halkitis will be undertaking an investigation of the brain functioning of methamphetamine users. Dr. Halkitis serves as a Program Scientist.
 Total Budget: \$900,000

1UR6 PS000369 (Rohatgi) Dates of Project: 8/1/2006-8/31/2009
 CDC
 This community-centered project is a collaboration between Harlem United and CHIBPS-NYU. The goals of the project are to compare the efficacy of three strategies for identifying and testing previously-undiagnosed, 18-64 year old, African American MSM by determining the total number tested by each strategy, the risk behaviors reported for persons tested by each strategy, and the total number of previously undiagnosed, HIV-positive African American MSM who are linked to appropriate medical care and prevention services by each strategy; to conduct a cost/resource analysis to evaluate the relative cost of identifying each previously undiagnosed, HIV-positive African American MSM for each of these strategies; and to determine the key variables associated with resistance and barriers to HIV testing in African American MSM, which will contextualize the cost efficacy of each recruitment strategy. Dr. Halkitis serves as the Co-I.
 Total Budget: \$713,538

Research Support (Completed):

(Halkitis) Dates of Project: 9/01/2005-5/31/2006
 Steinhardt/New York University Research Assistantship Methamphetamine Abuse
 This grant provides support for pre-doctoral training to conduct behavioral research on
 methamphetamine abuse in the Black community.
 Total Budget: \$27,996

04SD59601R0X00 (Halkitis) Dates of Project: 3/01/2004-12/31/2005
 NYC Department of Health/CDC MSM's Gym Sites Survey
 The goal of this project is to characterize the sexual behaviors, beliefs, and attitudes of gay and
 bisexual men who utilize gym facilities.
 Total Budget: \$49,500

(Halkitis & Homer) Dates of Project: 6/01/2005-8/31/2005
 Steinhardt/New York University The Effects of Methamphetamine Abuse and Stress on the
 Frontal Lobes and Social Cognitive Functioning of Emergent
 Adults
 The purpose of this summer stipend is to develop a pilot and large scale study to asses the relation
 between abuse of methamphetamine and social cognitive strategies based on Theory of Mind
 principles
 Total Budget: \$5000

R01DA13798-04S1 (Halkitis) Dates of Project: 9/01/2003-08/31/2005
 NIDA/NIH OAR Supplement: Understanding Bareback Behavior
 This goal of this project is to operationalize, define, and contextualize drug and sexual risk-taking
 among club drug using gay and bisexual men using life history methodologies.
 Total Budget: \$123,745

R01DA13798 (Halkitis) Dates of Project: 10/01/2000-08/31/2005
 NIDA/NIH Club Drug Use and Men's Health
 The goal of this project was to understand the relationship between the use of club drugs and unsafe
 sexual behaviors among gay/bisexual men. The project includes both qualitative and quantitative
 assessments and participants are followed longitudinally for one year.
 Total Budget: \$2,536,523

R01DA12816 (Halkitis) Dates of Project: 9/20/1999-08/31/2004
 NIDA/NIH Protease Inhibitor Adherence among Drug Users
 The goal of this project was to understand longitudinally the issues involved in medication adherence
 among HIV+ MSM, and how substance use/abuse impacts adherence. Adherence is measured
 through qualitative and quantitative self-reports, biological measures of viral load, and through MEMS
 caps. This project is in a one year no cost extension.
 Total Budget: \$1,591,277

R01DA12816-S1 (Halkitis) Dates of Project: 9/01/2000-08/31/2004
 NIDA/NIH Protease Inhibitor Adherence Among Drug Use
 Minority Post Doctoral Supplement
 Te goal of this project was to provide funding, training, and research experience for a post doctoral
 student from an underrepresented minority group.
 Total Budget: \$223,404

Research Support (Completed, cont'd):

2002 Challenge Fund (Halkitis) Dates of Project: 6/01/2002-5/31/2003
 New York University Institutional Analysis of HIV/AIDS in Cairo, Egypt
 The goal of this project was to assess the infrastructure of HIV/AIDS health care delivery in Cairo Egypt using institutional analyses.
 Total Budget: \$2,688

1999 Placek Award (Halkitis) Dates of Project: 10/01/1999-09/30/2002
 American Psychological Foundation Methamphetamine Use among Gay/Bisexual Men in NYC
 The goal of this project was to assess describe methamphetamine use among gay or bisexual identified men in NYC and to assess the psychological, sociological, and behavioral correlates of use of this substance as well as the relationship of use to HIV-related sexual risk taking.
 Total Budget: \$30,000

1999 Challenge Fund (Halkitis) Dates of Project: 6/01/1999-5/31/2001
 New York University Predicting Preparedness For HIV-Related Safer Sex
 Among Young Heterosexual Adults
 The major goal of this project was to assess the correlates of HIV-related risk taking as well as safer sex behaviors in an urban sample of heterosexually identified university students, as well as to predict preparedness for safer sex behaviors based on Stages of Change modeling.
 Total Budget: \$2,973

SPO9992 (Halkitis & Warren) Dates of Project: 10/01/2002-9/30/2003
 SAMHSA Methamphetamine Prevention & Intervention Initiative
 The goal of this project was to conduct a targeted capacity expansion plan to develop methamphetamine prevention education and intervention services to target gay, bisexual and other MSM in the New York metropolitan area. The infrastructure includes Internet and community-based outreach with the development of prevention education methods, resources and activities.
 Total Budget: \$350,000

R01 DA15303 (Marmor) Dates of Project: 4/01/2002-03/31/2006
 NIDA/NIH Unsafe Sex, Drug Use, Depression, & HIV/AIDS
 The goal of this project is to conduct a randomized clinical trial of anti-depressant and psychotherapy based treatment aimed at reducing HIV sexual risk-taking among HIV seronegative MSM. The design is a double-blind placebo. Dr. Halkitis serves as Co-I on this project.
 Total Budget: \$2,061,386

P30 AI27742-12 (Marmor) Dates of Project: 7/01/2001-06/30/2002
 NIAID/NIH Perceived HIV Resistance among Men who Have Sex with Men
 The major goal of this project was to conduct a psychological and biomedical formative investigation to assess the frequency of CCR5 genetic mutation-based resistance to HIV among MSM and to identify correlates of risk taking in relation to perceptions about HIV CCR5-based resistance. Dr. Halkitis served as Co-PI on this project.
 Total Budget: \$107,625

Research Support (Completed, cont'd):

R01 AA 13556 (Parsons)

Dates of Project: 9/30/2001-09/29/2006

NIAAA/NIH

Medication Adherence Among HIV+ Alcohol Abusers

The major goal of this project is to conduct a randomized clinical trial of an eight-session individual behavioral intervention aimed at reducing alcohol use and improving medication adherence among HIV+ men and women who abuse alcohol. The intervention utilizes a combination of Motivational Interviewing and Cognitive Behavioral Therapy. Dr. Halkitis serves as Co-PI on this project

Total Budget: \$3,975,043

R01 AA 11808 (Parsons)

Dates of Project: 10/01/1997-09/30/2002

NIAAA/NIH

Secondary HIV Prevention for Seropositive Alcohol Abusers

The major goal of this project is to conduct a randomized clinical trial of an eight-session behavioral intervention (using individual and group modalities) aimed at reducing alcohol use and improving safer sex behaviors among HIV+ men who have sex with men (MSM) who abuse alcohol. The intervention utilizes Motivational Interviewing. Dr. Halkitis served as Co-I on this project.

Total Budget: \$1,246,384

UR3/CCU216471 (Parsons)

Dates of Project: 9/30/1998-9/29/2002

CDC

Behavioral Intervention Research

The major goal of this project is to conduct a randomized clinical trial of a six session group behavioral intervention aimed at reducing unsafe sex with HIV negative and serostatus unknown partners among HIV+ gay/bisexual men. Dr. Halkitis served as Co-PI on this project.

Total Budget: \$1,995,371

U62/CCU213605 (Parsons)

Dates of Project: 9/30/1996-09/29/1998

CDC

Formative Behavioral Research among HIV+ MSM

The major goals of this project were to: 1) conduct in-depth qualitative interviews and quantitative surveys among ethnically diverse HIV+ MSM in order to better understand contextual aspects of sexual risk taking and serostatus disclosure; 2) develop a behavioral intervention based on the formative research findings. Dr. Halkitis served as Co-PI on this project.

Total Budget: \$666,342

MDS-ARIP-0001 (Reid)

Dates of Project: 9/01/2003-8/31/2005

NIDA/NIH

Treatment for Stimulant Abuse

The goal of this project is to conduct a double-blind, placebo-controlled assessment of potential interactions between intravenous methamphetamine and aripiprazole. Dr. Halkitis serves as behavioral expert and recruitment director of this investigation.

Total Budget: \$466,679.

Student Research Pre-Doctoral Fellowships:

Substance Abuse Research Fellowship Dates of Project: 7/01/2005-6/30/2008

APA

Methamphetamine Use and Mental Health in Black
Communities

This pre-doctoral fellowship was awarded to Roy Jerome, who under the supervision of Dr. Halkitis, will conduct formative and intervention work, in collaboration with Harlem United, to understand and prevent methamphetamine abuse in Black communities of New York City.

Total Award: \$65,160
