Welcome students new, students returning
To reading, writing, critical thinking, and learning, getting involved, staying informed, connecting
While considering new ideas, challenging differing opinions, and reflecting.

Spring semester will progress at such a rate that before we know it, it will be May.
Time to celebrate
Undergraduate and graduate students who will graduate.
Between now and then, your courses you are required to pass,
Demonstrating a grasp of information, applying knowledge you are expected to retain
And being an active participant in our special scholarly domain.
Add rich dimensions to your studies and academic stages
Some of those opportunities spelled out on these pages.
Like the Dean's Research Travel Colloquium, the Dean's Grants for Student Research
and Study Abroad.

Visit, phone and <steinhardt.student.matters@nyu.edu>.
My staff and I want to hear from you.
And by the way, remember, we are in Pless Hall on 2.

Academic Integrity
“Your degree should represent genuine learning.” The relationship between students and faculty is the keystone of the educational experience in the Steinhardt School of Culture, Education, and Human Development at New York University. This relationship takes an honor code for granted. Mutual trust, respect, and responsibility are foundational requirements. Thus, how you learn is as important as what you learn.... For the complete statement, go to www.steinhardt.nyu.edu/students
