

# Lookee Here! Visuals & Graphic Organizers

ASD Nest Program New School Year Kickoff 2015

Aaron Lanou

Co-Project Director, ASD Nest Support Project

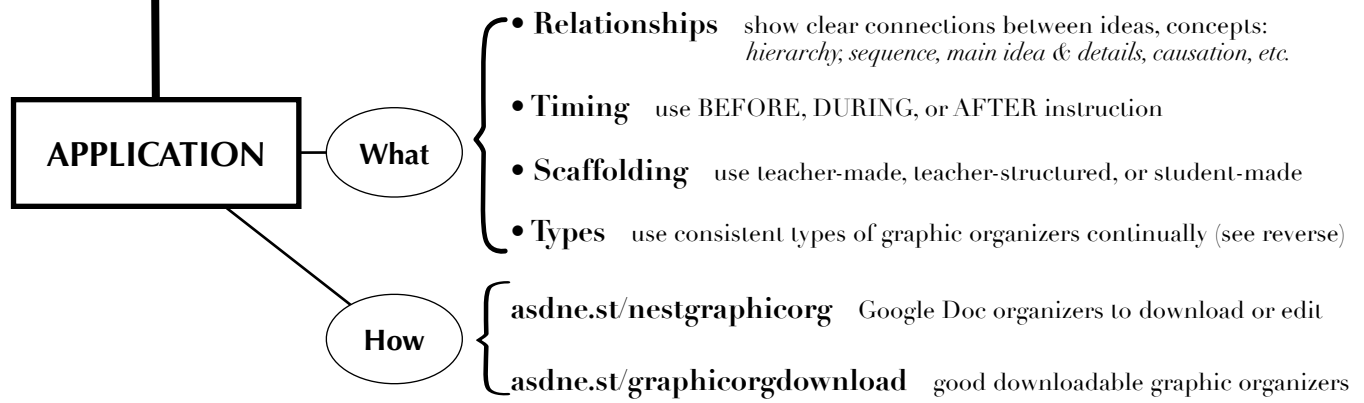

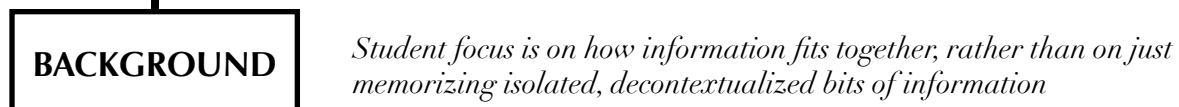

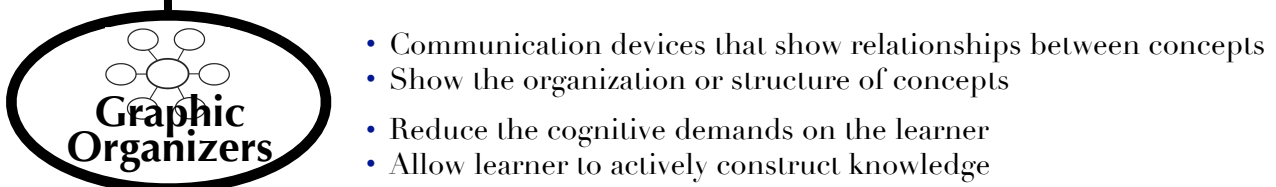

**Visuals**

- 50% of the brain used for visual processing
- 70% of the sensory receptors are in the eyes
- 100ms to get a sense of the visual scene

Icons can help convey information clearly

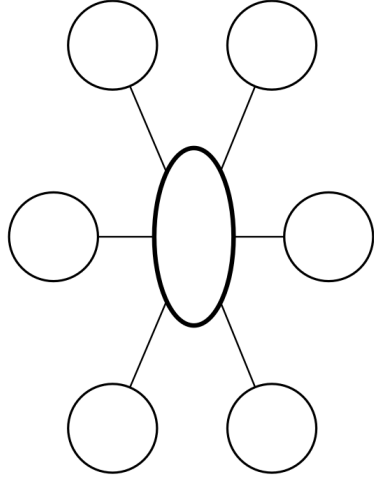

## Lookee here!

# Types of Graphic Organizers: templates

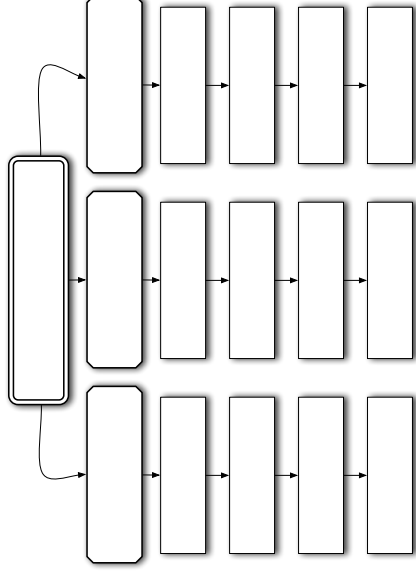

## descriptive

show relationship between main idea and details

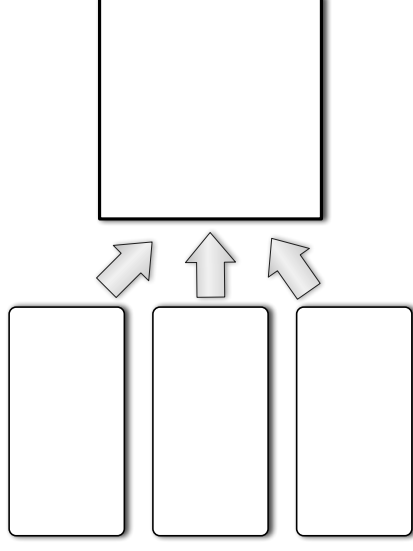

## sequence
