Steinhardt Technology-Enhanced Education Fund 2017

Experiential Learning

Experiences grounded in learning through hands on experience and reflection on doing. This includes collaboration with existing community partners, both internal and external to NYU.

Ideal courses include:
- Internships
- Field placements
- Out of classroom instruction

Liberal Arts CORE

Developing technology-enhanced, blended, or hybrid versions of Steinhardt’s undergraduate liberal arts CORE.

Ideal courses include:
- Liberal arts CORE undergraduate courses

Multimedia Learning

Cultivating and sharing engaging multimedia experiences and resources with students. Which may include department-generated content, NYU library resources, and Open Educational Resources (OERs).

Ideal courses include:
- Instructional media
- Case studies
- Clinical videos
- Interviews
- Performance and private instruction
