- ◆ Two letters of recommendation from individuals who have directly observed the applicant (in school or at work) and can give an evaluation in one or more of the following areas: character, research skills, familiarity with public policy issues, understanding of the governmental process, and ability to learn in a work setting. Letters **should not** be requested from anyone who has not directly taught or observed the applicant. At least one must be from a professor at the college you now attend.
- ◆ A letter from an appropriate college official endorsing the student's participation and indicating the amount of credit to be granted by the college and whether or not the student will be taking the Internship on a "pass-fail" basis or receiving a letter grade. If this letter is written by the same person as one of the above, it should be clearly stated as performing this dual purpose.
- ◆ A concise academic writing sample which provides a good indication of the student's research and communication abilities (item #20 on the application).

Submit Session Internship application and all supporting documents to the designated college/university liaison officer. If you cannot locate your liaison officer, contact the Assembly Intern Committee. In this case, an appropriate faculty member or administrator at your college/university should forward your application and supporting materials along with a cover letter indicating the college's/university's academic endorsement of your participation.

Be sure to answer all of the questions thoroughly. The Assembly Intern Committee notifies applicants of their status within two weeks of receiving their **completed applications with all supporting documents**. For immediate confirmation of the Assembly's receipt of your application, please provide an e-mail address or enclose a stamped, self-addressed postcard.

#### **ASSEMBLY POLICY:**

**For the Assembly Policy Prohibiting Fraternization with Student Interns, please visit our website:**  
<http://assembly.state.ny.us/internship/>

#### **HOURS AND STIPEND:**

Interns spend a **minimum** of 30 hours, exclusive of academic course requirements, at the Capitol each week completing their Assembly assignments. The Assembly Intern Committee provides a \$4,900 stipend to help cover expenses.

#### **EDUCATIONAL COMPONENT AND COLLEGE CREDIT:**

The Assembly Session Internship includes an academic component beginning with a four-day Orientation to state government and the legislative process. Each student is enrolled in the course, "**Politics and Policy in the New York State Legislative Process**," taught by the Assembly's Intern Committee Professors-in-Residence. Some required reading materials are made available to Session Interns by the Assembly Intern Committee. The Faculty also provides supervision and research advisement through individual meetings and group discussions with Interns during which their progress is monitored. Mid-Session and Final Student Evaluations are sent to college/university liaison officers.

**Comprehensive Program** – Since the Internship is a comprehensive, semester-long Program, students are strongly advised not to enroll in additional courses. Interns with specific additional academic requirements should receive written or explicit approval from the Assembly Intern Office **prior** to the start of the 2015 Session Internship year.

**Orientation** – Includes sessions on legislative research, the role of legislative staff and interns, legislative/executive relations, political parties in the Legislature, communication skills, the legislative process and budget.

**Issue Forums** – Attendance is required and calculated in grade evaluations. The forums are designed to complement the academic Internship curriculum. Experts in areas of government and academia join legislators in presenting a review of the legislative process. Lecture topics include the State budget, the economy, education and criminal justice. Issue Policy Forums are scheduled on Mondays and/or Tuesdays including evenings from 5:30 pm to 7:30 pm. Please visit the Issue Forums at our website: <http://assembly.state.ny.us/internship/>.

**Mock Session** is held in the Assembly Chamber at the end of the Session Internship, representing the culmination of the academic learning experience. Mock session will be at 5 p.m. on Tuesday, May 5, 2015, in the Assembly Chamber.

**National College Credit Recommendation Service (National CCRS)** has revalidated the Session Internship: “In the upper division baccalaureate degree category, 15 semester hours in appropriate departments or as general elective credit” for participation in the Session Internship. To view a copy of the 2012 National CCRS credit revalidation, please visit the New York State Assembly Internship Program website at <http://assembly.state.ny.us/internship/>.

### **PLACEMENTS:**

All placements are made by the Assembly Intern Committee in January. They relate to the student’s academic background, abilities and interests to the extent that these are compatible with Assembly needs. Every attempt is made to provide Interns with their stated policy preference or with a comparable placement. Specific assignment responsibilities evolve from a work/learning contract, which is negotiated by the Intern and Supervisor once placements begin.

Interns’ assignments in Assemblymember offices or with research staffs consist of a variety of responsibilities. Short-term research and responding to constituent mail are frequent assignments. Often the two are closely integrated with constituent questions leading to research projects. Interns keep track of bills moving through the legislative process. Some routine duties are always part of the functions of an Assembly office. Bill memo preparation and statistical analysis are also common assignments. Interns frequently attend and report on committee meetings, public hearings and Assembly Sessions.

### **HOUSING:**

The Assembly Intern Committee does not provide housing for Interns. Following acceptance into the Session Internship Program, Interns in need of housing are encouraged to utilize resources at their home campus and local academic institutions and libraries, i.e., University at Albany.
